Welcome to MPCVault

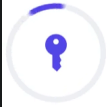

MPCVault is where Web3 teams securely store, manage, and transact digital assets. Follow the steps below to be onboarded to your organization.

Get started

- Download and sign in to the MPCVault app.**
Scan the QR code to download the MPCVault app. In the future, you will use this mobile phone to sign transactions.

- Generate your personal key certificate.**
To securely generate your key certificate, follow the instructions in the MPCVault app. Return to this screen when you're finished.
